But God | Part 2

June 17th & 20th

You intended to harm me, but God intended it for good to accomplish what is now being done, the saving of many lives.

Ephesians 2:10

1. Have you been in a bad situation that you've prayed about, had great faith that it was about to get better, but instead it got worse?

2. Read Job 19:17-20, 25-27

When we're in a deep dark hole, are we looking for and expecting God's redemption, or do we simply resign ourselves to the fact that we now live in a deep dark hole?

Is it more comfortable to stay in our dark hole or get out and be a blessing to others?

3. Read Jonah 3:3 - 4:3 & compare it to Genesis 41: 9-16

What was Jonah's response to God's redemption?

Compare Jonah's response to Joseph's response.

4. Read Ephesians 4:14

What does it mean to build each other up?

Read Ephesians 4:29 - 5:2

What does that look like in our everyday go to work, go to school, live our lives routine?

5. Read Galatians 2:11 - 13

How did Peter mis-use his free will and earn a rebuke from Paul? Was he serving his fellow believers while exercising his free will?

Was he being a good example for the other disciples to follow?

When are we tempted to misuse our free will and become poor examples?

Takeaway: If it's not good, God's not done.
