January 7, 2024

1. What things do you honor in your life, and how do you show honor?

Read Exodus 20:12 and Mark 10:6-9.

2. How is prioritizing your spouse a way to honor your father and mother?

3. If you have married children, how can you encourage them to honor their spouse over their relationship with you?

Read Ephesians 6:4

4. How does honoring a spouse help us not to exasperate our children?

Are there seasons when it is easier to prioritize your spouse over your children and vice-versa?

Read Ephesians 5:25-33

5. What are some parallels between Christ and the church and husbands and wives?

Where is the church on Jesus's list of priorities?

Does that have any implication for our relationship with Jesus or our relationship with our spouse?

Read James 1:22-26

6. Have there been times when your attempts to prioritize your spouse were more like the first person in James 1? What concrete steps could you take to prioritize your spouse not with words but with action?
